

**WVSSA**  
**Exception Agreement**  
**One Year Isolation Deferral**

**DATE:** \_\_\_\_\_

The grower A; \_\_\_\_\_, currently holds the priority isolation for the seed crop; \_\_\_\_\_, with Company A; \_\_\_\_\_, a member of WVSSA, in the map area of; \_\_\_\_\_.

Grower A intends to **not produce** the seed crop of *species / type*; \_\_\_\_\_, for the harvest year of \_\_\_\_\_, so that Grower B; \_\_\_\_\_, can produce a crop of; \_\_\_\_\_, with Company B; \_\_\_\_\_, for the harvest year of \_\_\_\_\_.

Grower A and Company A, are willing to allow Grower B and Company B, to plant the seed crop within the priority isolation area for one year only as stated above.

This agreement, when signed and dated by both companies and growers below, acknowledges:

1. The isolation is to be deferred for the crop and grower, as named above only for the crop and harvest year indicated.
2. This agreement does not establish an isolation priority for the Grower B.
3. The priority isolation currently held by the Grower A is maintained.
4. This isolation deferral can not be extended past one year. If the Grower A, does not contract for and plant a seed crop of the same species the following year he loses his priority isolation.
5. The companies involved are responsible for pinning the map for both isolations for current crop and the no crop priority pin, the current crop pin must be pulled after harvest.
